

Role Profile – Employment Specialist

Enable clients to find and sustain fulfilling employment through supporting clients and advocating on their behalf.

The role will:

- Report to the Team Manager
- Act as a subject matter expert in the Individual Placement and Support (IPS) model to support people to access and stay in fulfilling employment.
- Uphold and participate in The Southdown Way – uphold our values and create a psychologically informed environment.

Reporting Lines:

Key result areas:

- Support clients to access the service by processing referrals and completing initial assessments
- Support clients to find fulfilling employment through person-centred coaching to identify goals, complete applications and overcome barriers
- Build client knowledge through signposting, resources and guidance, for example on reasonable adjustments and employment law
- Enable clients to retain employment through in-work support
- Maintain client safety by assessing and managing risk, co-creating safety plans, and de-escalating mental health crises
- Provide an excellent service through up-to-date knowledge of delivery models, employment and HR policies, and recruitment practices
- Advocate for clients by negotiating with employers
- Deliver a successful service by engaging in multiagency work: coordinate client progress and risk management
- Meet commissioner and contract requirements by aligning with the Fidelity Scale and ensuring good quality referrals
- Continuously improve the service through suggestions for service development, promoting client involvement, and acting on feedback
- Build a evidence base for commissioners and ensure compliance through record-keeping, collating feedback and developing case studies
- Develop practice through peer support and reflective practice sessions, as well as shadowing and mentoring new staff

Measures:

- Effective and timely risk management
- Psychological and physical safety of yourself, clients and colleagues
- Strengths-based, psychologically-informed support that achieves client aspirations and achieves service outcomes
- Positive collaboration with colleagues, clients and partnership
- Active commitment and contribution to the team and service
- Work completed to a high standard and in a timely manner
- Active commitment to professional development

Knowledge of:

- Employment needs and challenges for people experiencing MH issues
- The relevant framework for your service
- How to undertake risk assessments, including dynamic risk assessments, and manage risk effectively
- The principles of co-production and the personalised care approach

Experience in:

- Supporting clients experiencing MH challenges, including those in crisis and/or facing complex challenges
- Developing and maintaining professional joint working relationships with external, statutory and voluntary agencies
- Working in a changing, dynamic environment

An Enhanced DBS check will be required for this position

Competency Profile – Employment Specialist

We are a values-led organisation; they are at the heart of all we do. To bring them to life, we have developed a values-based competency framework. This has three levels. Below, you can find the level and a brief description of each competency required for this L1 Competency role.
